Price Laboratory School Mission —

The Code of Iowa states a "laboratory school shall mean a school operated by an education institution for the purposes of instructing students, training teachers and advancing teaching methods."

Price Laboratory School fulfills this mission by:

- providing an excellent and innovative education for the Price Laboratory School children it serves from early childhood through grade twelve
- serving as an integral component of the teacher education program of the University of Northern Iowa
- engaging in scholarly work and service directed at advancing teaching practices, resources, and methods for teachers at state, national, and international levels

Facts About PLS...

PLS has been in existence since 1883 when it was established as a model school by James C. Gilchrist (first principal of the Iowa State Normal School). Price Laboratory School is the only laboratory school in Iowa; however, PLS is one of approximately a 100 laboratory schools in the U.S., and 43 laboratory school/university partnerships internationally. PLS is one of 15 lab schools in the country with a comprehensive K-12 program.

Comments from the Director

— Nadene Davidson, PLS Director

"Malcolm Price Laboratory School will remain a kindergarten through 12th-grade school for the foreseeable future" — President Koob

President Koob's announcement November 1, 2002, that "Malcolm Price Laboratory School will remain a kindergarten through 12th-grade school for the foreseeable future" is exciting news for each of us. This decision follows the recommendations of Bill Callahan, Interim Dean, College of Education.

Multiple constituencies were involved in discussing and providing information for this decision making process. On October 8, 2002, Dean Callahan received the "Report on the Department of Teaching – Price Laboratory School Division" prepared by the PLS core team. Dr. Callahan reviewed this information and other data to prepare the report he presented to Vice President Podolefsky on October 17, 2002. Dean Callahan discussed his report with PLS parents on October 21. The College of Education Faculty Senate voted October 21 and the Council on Teacher Education voted October 24 to support the programmatic recommendations in Dean Callahan's report. In addition, the Teacher Education faculty approved a resolution that included maintaining the K – 12 grades. On October 28, the University Faculty Senate voted unanimously to support Dean Callahan's report. All of this information was submitted to Provost Podolefsky after the senate meeting on the 28th. This broad campus-wide collaborative network that discussed and supported Dean Callahan's report will provide PLS the basis for increased integration and new partnerships.

President Koob's confirmation of Dean Callahan's recommendations provides PLS the opportunity to continue with present and future initiatives that provide quality programs for all our students (PLS and UNI) as well as Iowa's educators. It also serves as the foundation for new partnerships and leadership activities for innovative K – 12 programs, teacher preparation initiatives, and professional development with educators in Iowa.

PLS will continue to provide quality comprehensive programs for all of our students, both in curricular and co-curricular areas. Dean Callahan shares our desire to provide comprehensive programming and has stated this position at parent meetings. As additional details become available we will move forward with discussions on future plans.

President Koob's announcement on November 1 was great news for our PLS community, teacher education, other UNI programs, and education in Iowa. We are looking forward to expanding and developing creative partnerships with the focus of improving teaching and learning for students.

The MPLS Tree Will Supplement Classroom Needs

Just in time for holiday gift ideas, watch for "The MPLS Giving Tree" in the office. This tree will contain specific "wishes" from teachers and staff members that you can help to make a reality. Items will

range in price and could include classroom needs such as printer paper, craft items, a new paper punch, or a particular book or CD. The Giving Tree will be a year-round activity; so don't feel as if you need to wait for a special occasion. Watch for more information on "The MPLS Giving Tree" via the PLS Public e-mail or stop by the office and check it out.

Guidance News Items

The PLS Financial Aid Night will be held November 14, 2002, at 6:30 pm in the Butzier Auditorium. Our representative from the College Planning Center in Des Moines will be presenting to our students and parents the financial aid process. We will also have a special guest that evening, Deputy Secretary of Education William Hansen, observing the presentation while in town attending the state financial aid conference in Waterloo. Mr. Hansen will be arriving around 6:15 pm before the PLS presentation. We strongly encourage parents and students of the sophomore, junior or senior classes to attend. There is a great deal of information involving the financial aid process and it is recommended that parents attend this presentation more than once.

For those of you who cannot meet on November 14, Cedar Falls High School will be hosting their Financial Aid Night December 9, 2002, at 7:00 pm in the CFHS cafeteria. You are cordially invited to attend without giving advanced notice.

The PLS Guidance Web Page is ready for public use. Check out pls.uni.edu/guidance to access important dates and events happening through the Guidance Office. Test dates, scholarship information, hot links to helpful web sites, and much more is now available. We welcome your opinions on how this site can serve you better.

The College Planning Seminar was held on October 17. John Holland from the College Planning Center spoke with juniors and seniors on preparing for a successful transition to college. He provided students with materials for furthering their search for the right college and in choosing the best fit. Mr. Stichter has scheduled follow-up meetings for juniors and seniors to assist them in making their postsecondary plans.

Uncommon Student Scholarship - Maggie Mulvey, NUHS senior, has been selected as a finalist for the Herbert Hoover Uncommon Student Scholarship. Maggie gave her presentation for her project "Promoting Multicultural Understanding" to the board of directors on Saturday, October 19, at the Herbert Hoover Presidential Library in West Branch. Maggie began work on her project over a year ago and learned of her semifinalist status last spring. Her project has required a lot of time and effort but has benefited many elementary students and teachers throughout the Cedar Valley. Congratulations to Maggie on a wonderful and extraordinary volunteer effort.

Student Volunteers. At the beginning of the school year students were challenged by the administration and teachers to voluntarily make contributions to their school community. The result has been very positive with a number of volunteers providing service throughout the PLS community. Students have demonstrated responsibilities in the classrooms and offices giving their time to assist faculty and staff. Their efforts are noticed and very much appreciated.

Senior Year Experience. The class of 2003 was offered new opportunities for making smoother transitions to their postsecondary options. Cadet Teaching, Senior Projects, Dual Enrollment have been opportunities for many years at NUHS. This year seniors were given these options plus a Site-Based Internship opportunity, volunteer/service learning projects, and online courses. Intended to address the changing needs of graduating seniors, these options offer students the chance to pursue learning opportunities outside of the classroom.

Test Dates. Approximately 85% of our NUHS students will choose to attend a four-year school upon graduation. One of the leading criteria for admission to these schools is a standardized test score such as the ACT. Consequently, students taking the ACT in their junior or senior year are offered several opportunities to prepare. The EXPLORE Test and the PLAN Test are excellent practice for the ACT because they cover the same content (English, math, reading, and science reasoning) and contain the same types of questions. The strategies students learn for taking these tests will be useful when taking the ACT. These assessments are based on the belief that students (and their parents, teachers, counselors and administrators) will make more productive plans and decisions if they have organized, relevant information available when they need it most.

Eighth Graders will be taking the EXPLORE Test tentatively scheduled for Thursday, December 3, 2002. This test is designed to help students explore the world of possibilities open to them, make the most of the opportunities in high school and beyond, and guide them as they start thinking about future educational and career planning. The EXPLORE assesses academic progress, helps students understand and begin to explore the wide range of career options open to them, and assists them in developing a high school coursework plan that prepares them to achieve their postsecondary goals.

Sophomores will be taking the PLAN Test on Tuesday, November 12, 2002 from 8:00 – 11:00 AM in the Schindler Education Center Room 246. This test also offers sophomores an estimated ACT score and a way to have interested colleges contact them. The PLAN also helps students focus on career goals to assist them in their educational planning.

Students wishing to take the ACT Test December 14, must have their registration postmarked by November 8 to avoid late fees. Click onto our web page to find future ACT tests/registration dates. For more information regarding the ACT Assessment Program visit www.act.org.

ACT Prep Seminars for spring. Dates are January 6, 13, 27 and February 3. Students may sign up in Guidance. Cost is \$15.00.

Reminder to Parents: Contacting Your Students at School

Parents/Guardians: If you need to talk with your student during the school day, stop in the main office and we will make arrangements for your student to come to the office.

Playground Keyboarding

— Dr. Leigh Zeitz

Dr. Leigh Zeitz painting colored keyboards for the Playground Research project at PLS.

Noticed the brightly colored keyboards on the elementary playground? These 10' by 4' keyboards are part of a research project headed by Leigh Zeitz and funded by PLS. A number of PLS personnel have been involved in this project including Terri McDonald, Lori Smith, Mary Guenther, Aricia Beckman, Vicki Oleson and graduate assistant, Brett Ernst.

The Playground Keyboarding project is based upon the premise that gross motor activities can be used to teach academic content. The basis of rapid keyboarding is a familiarity with the location of keys on the keyboard. If students learn to "spell words and letter combinations with their feet," this should transfer over to faster typing speeds.

The two third grade classes (Mrs. Guenther and Mrs. Beckman) have been selected to participate in this research. Since mid-October, the students have been working with their P.E. teacher, Lori Smith, on a set of physical activities in which they practice using the keyboard. Actual in-class keyboarding instruction will begin in mid-November along with the continuing physical activities. Periodic timed tests will be used to track the students' improvement in keyboarding.

While the primary research emphasis is with the third grade, the playground keyboards have been used with Vicki Oleson's 6th grade keyboarding class and Terri McDonald's secondary technology class. Students have also been inventing games with the keyboards during recess.

Support Services

— Dr. Kathryn East

If you have concerns regarding your son or daughter's progress as the result of recent grade reports,

please contact Katheryn East (eastk@uni.edu or 273-6789) to discuss options available here at school for academic support.

What's Under the Support Services Umbrella?

Section 504 Plans

PLS Support Services is the umbrella that covers a wide variety of services designed to meet the individual needs of students at PLS. These services are initiated and coordinated through school team meetings (STM). (If you are interested in this please check out the information located at <http://www.uni.edu/~east/STM.html>)—a process in which we put our heads together to come up with a good plan for meeting an individual student's needs.

Section 504 of the Federal Rehabilitation Act of 1973 prohibits discrimination against individuals with disabilities in any program receiving federal financial assistance. Discrimination against any person with a disability is not permitted in any of the programs and practices at PLS.

At PLS, the question of a student's 504 eligibility is addressed in a School Team Meeting (STM). A 504 evaluation for a student is considered when the team feels that the student has substantial limitation in one or more major life activity that is of severe, enduring, and long-term impact when considered in comparison to the performance of average peers. After an evaluation is completed, the team meets to determine if the student is eligible under those legal guidelines. If the student is eligible, the team then writes a 504 Plan for the student. Further information about the PLS 504 Compliance Policy can be obtained at <http://www.uni.edu/~east/504.html> or by contacting Katheryn East, 273-6789 (eastk@uni.edu).

Potential Parenting Group for Next Semester

There is a strong possibility that we will be offering a parenting group next semester if there is enough interest in such an offering. If you would be interested in participating in such a group, please contact Katheryn East (eastk@uni.edu or 273-6789). If there is enough interest, you will be hearing the details soon.

The PLS/NU Music Department:

NUHS Music Students Selected for All State Music Festival

(l-r, back row): Kent Schrad, Nora Kischer-Browne, Mallory Piehl, Michaela Gansen, Abhay Nadipuram, Sami Renfro. (l-r: front row): Toby Jessen, Ashley Dorris.

The following Northern University High School musicians were selected for the 2002 All State Music Festival during auditions Saturday, October 26 at Hampton-Dumont HS:

Freshman Michaela Gansen, Violin I
 Sophomore Nora Kischer-Browne, Viola, First Alternate
 Senior Mallory Piehl, Clarinet
 Senior Sami Renfro, Soprano
 Junior Ashley Dorris, Alto
 Junior Toby Jessen, Tenor
 Junior Kent Schrad, Bass
 Freshman Abhay Nadipuram, Tenor, First Alternate

The 2002 Iowa All State Music Festival will be held on the Iowa State University campus in Ames November 28-30. The final concert will be taped by Iowa Public Television for rebroadcast on Thanksgiving Evening and Thanksgiving Day on IPTV.

PLS/Northern University High School music directors are Michael Fanelli, Orchestra, Linda Sharp, Vocal, and Leonard Upham, Instrumental. PLS Singer's Director is Michelle Swanson.

Music Department Calendar for November/December:

November 12 - MS/HS Orchestra Concert, Auditorium 7:30 pm
 November 19 - NICL Band Festival at A-P all day
 November 21 - PLS Singers Concert, Auditorium 7:00 pm
 November 21-23 - Iowa HS All State Music Festival, Iowa State, Ames

December 5 - HS Choir Concert, First Pres. Church 7:30 pm
December 6 - 6th Grade Band/Chorus/Orchestra, Lutheran Home 10:30 am
December 12 - MS/HS Band Concert, Auditorium 7:30 pm
December 13 - MS/HS Orchestra, Holiday Field Trip
December 14 - 7-8th Choir Gift Of Lights Concerts, Hawkeye CC 7:00 and 8:30 pm
December 19 - NU Singers Caroling Project, 6:30 pm

Call 273-6236 for further information.

NU Middle School Students Selected for Honor Band

Three eighth grade students from NUMS have been selected to participate in the North East Iowa Bandmasters Association Honor Band Festival. The festival will be held on Saturday, December 7, at Oelwein High School. Students include Brandon Richmond on trumpet, Drew Stonewall on trombone, and Edward Basom on tuba.

NU High School Students Selected for NICL Honor Band

Fifteen students from the NUHS Concert Band have been selected to participate in the NICL Honor Band on Tuesday, November 19, at Aplington-Parkersburg HS. The concert that evening will begin at 7 pm in the A-P gymnasium. Students selected are:

Flute: Sami Renfro
Clarinets: Mallory Piehl, Sandra King, Jade McAdams, Rachael Rusley, and Amanda Wieck
Bass Clarinet: Ryan Cawley
Baritone Saxophone: Sara Will
Trumpets: Jillian Doddema and Joe Wartick
Trombones: Ben Wilson and Dan Kramer
Euphonium: Brad Richter
Percussionists: Dan Weber and Colin McElligatt

Carnegie Challenge Update

CONGRATULATIONS are extended to the NUHS Choir for their audition being accepted for an additional Solo Prelude Concert at Carnegie Hall. This concert will be featured at Carnegie Hall as a Special Solo Prelude Concert, prior to the main Carnegie Hall Concert on May 25, 2003.

The Carnegie Challenge Steering Committee would like to encourage all NUHS families to review the materials to "Adopt a Singer."

Our next payment for the Carnegie Hall trip is DUE BY NOVEMBER 15. We need ALL of you to respond PRIOR to that date, so additional plans and fundraising can be achieved.

Carefully consider your financial responsibilities, available resources, and connections. Your response can be financial, volunteer time, or both.

The bright yellow Carnegie Challenge Pledge Forms were to be filled out and returned to Linda Sharp either BEFORE OR DURING CONFERENCES ON NOVEMBER 7TH & 8TH.

Thank you from the Carnegie Challenge Steering Committee

September Boxtops Contest Results in 3-Way Tie

— Sandy Sutton

Nursery/kindergarten students enjoying an ice cream party for their Boxtops reward.

Fourth grade students received a Splash swimming party as their reward.

Students participating in a free P.E. day for turning in 210 Boxtops for Education.

During the September contest, students in fifth grade, fourth grade, and nursery/kindergarten each turned in 210 Boxtops For Education. The fifth grade won a Free Day in P.E. and the fourth grade won a Splash Party. Both grades enjoyed a snack of popcorn and juice following their special activity. The nursery/kindergarten was rewarded with an Ice Cream Party. Special thanks goes to Kwik Star on College Street for donating the ice cream for the N/K party. The monthly contest winner will be announced at the Citizenship Assembly the last Friday of each month. November's contest deadline is Wednesday, November 20 and the December contest will end Wednesday, December 18. Keep sending Boxtops to school. Your child's class could be the next winner! Also, parents of high school students may deposit Boxtops For Education in the collection box located in the lobby of the Field House during high school athletic events.

Cedar Falls Recreation Division NFL Flag Football: PLS 3rd and 4th Grade Division

Congratulations to the Vikings - Price Lab School's 3rd and 4th grade flag football team and Coach Harding, for a perfect season with a team record of six wins and no losses. The team members are (third grade): Jesse Bankston, Joey Henry and Jake Wumkes from PLS and Oliver Weilein from Lincoln, and (fourth grade): Corbin Dayton, Kyle Denning, Terry Nielsen, Christian Ford and Andrew Stone.

The teams' last game was played in the UNI Dome on Sunday, October 20, at 2:00 pm which they celebrated with a win, making a perfect season for the the Vikings. Congratulations goes out to the Vikings team and Coach Harding for a winning season. Our future looks bright for Price Lab School.

Congratulations Jillian Doddema and Tim McKenna

On Saturday, November 2, Jillian Doddema and Tim McKenna represented NU at the State Cross Country Meet in Fort Dodge. Jillian placed fourth and Tim placed third in 1A.

Kudos: Coach Bob Lee

Bob Lee has been selected by the Iowa Girls' Coaches Association as the nominee from the state of Iowa for the National High School Athletic Coaches Association National Coach of the Year for Boy's Cross Country. The IGCA nominates coaches from each sport in Iowa. This is the same organization that Coach Lee received the Regional Track & Field Award for two years ago. There will be eight finalists in each sport and one will be selected as the National Coach of the Year in July.

Spring Honor Roll (Omission)

Amy Little was also on the honor roll for Price Lab School last spring. Her name was accidentally omitted from the list published in the October newsletter.

Kudos: Colin McElligatt

Colin McElligatt, a senior, was selected as a winner of the National Council of Teachers of English (NCTE) Achievement Awards in Writing. He wrote two essays to receive this award—a sample of his best writing, and an impromptu essay.

Healthy Active Lifestyle News

— By Lori Smith

2001 Iowa Elementary PE Teacher of the Year

IAHPERD President-elect

MPLS PE Department Head

IAHPERD Convention Held at MPLS

Lori Smith, President-elect for the Iowa Association for Health, Physical Education, Recreation and Dance organization announced that the IAHPERD state convention was held at MPLS and the WRC on November 2 and 3. Teachers from all over Iowa attended this professional development opportunity.

In addition, there were 18 different exhibitors in attendance. The NU High Booster Club served the Saturday afternoon luncheon and concessions. Thank you!!! Thank you to our parents for their participation. MPLS faculty and students were a part of this event as well. We would like to thank Pepsi for donating drinks and Hy-Vee for donating fruit for this event.

Our MPLS third grade students and Lori Smith were a part of the program. All third grade students participated in a demonstration of physical activities that involved rhythms and cup stacking. Teachers were able to observe our students in action from 12:15 to 12:45 pm on November 2 in the MPLS Field House!

MPLS Receives the NSFF Grant!

We are excited to announce that the Physical Education Department has officially received the National School Fitness Foundation (NSFF) Grant. The equipment arrived at MPLS on October 4. All PE teachers and Dave Smith received the training on October 22. These teachers will now train other interested people on appropriate use of the facility. Please contact anyone in our PE department if you are interested in becoming certified. In addition, once we know more about this grant, we hope to open the facility up to our MPLS community!

The NSFF is very excited to be working with MPLS, "The only school in the state of Iowa that has DAILY PE for grades K-12!" This grant is worth over \$200,000. The grant comes in the form of fully-equipped, state-of-the-art Fitness Center equipment and a proven physical education curriculum for regular ongoing use 6th-12th grade students. Other technology such as heart rate monitors, a computer/printer, and Kiosk machines with bio-impedance measurements using finger-print technology will be available.

This will bring our PE program into the 21st Century with full use of technology needed for valuable assessment tools in our PE curriculum. This is an excellent and unique opportunity to help educators teach children about the importance of a healthy active lifestyle beyond high school. The goal is to help students develop wholesome exercise patterns that will lead to lifetime fitness and resistance to many diseases through the enhancement of muscular strength & endurance, cardio-respiratory ability, flexibility and improved body composition. This is a dramatic solution to the epidemic problems of obesity and chronic inactivity among so many youth as researched by the Center for Disease Control and the Surgeon General's Reports.

Motor Skill Development Curriculum

Lori Smith was contacted by the American Athletic, Inc. to experiment and give feedback on a new Elementary Motor Development Curriculum. This curriculum will be taught in the month of December to all students K-4. Once the students go through the curriculum, Mrs. Smith will give the company feedback on the curriculum and it's usefulness in schools across the nation.

We are excited to use the curriculum! This company is donating almost \$2,000 worth of the equipment to Lori Smith to use in elementary PE. The package includes a complete curriculum and nine pieces of equipment. The eight-lesson module is very instructor friendly. There are diagrams for the equipment layout as well as pictures and illustrations of the shapes and skills the students will be performing. The first five lessons focus on basic motor skills that help develop the students' strength, balance and body awareness. The last three lessons incorporate those basic skills into multi-station circuits. We are delighted to be the site to try this new curriculum

NUHS Girl's Swim Team Captures 8th Place at State Meet

— By Jerry Backstrom

This weekend the NUHS girl's swim team captured 8th place at state meet. This is a truly amazing accomplishment considering that swimming has no class system so big and small schools compete together and NUHS is the smallest swimming school in the state. Rebecca McCord got second place in diving along with a 12th place finish for her sister Brandy in Friday night's diving competition. Then on Saturday the 200 medley relay of Rebecca McCord, Amanda Wieck, Maggie Rickert and Elizabeth Gansen came in 6th place and received their awards on the podium. After three events NUHS was on top of the leader board with 48 points for the meet. Then both relays (200 and 400 yards) of Amanda Wieck, Leigha Shanley, Maggie Rickert and Elizabeth Gansen finished in 10th place, along with Elizabeth Gansen in the 100 backstroke also finishing in 10th place. For the size of the squad (13 girls) this was one terrific season for the NUHS girls swim team.

Panthers Win 5th Annual North Central Swim Conference Meet

The NUHS panthers (13 swimmers and divers) held off a determined Charles City squad to win the Conference Championship. The Panthers were led by Elizabeth Gansen, Amanda Wieck and Leigha Shanley, all four time winners- each with two individual crowns and two relay titles. NU started off the day with the McCord sisters coming in first and second in the diving competition. Rebecca set a new pool and conference mark of 436.80 points and her sister, Brandy, also broke her own conference mark with a score of 348.80 points. The NUHS Swim Team won 11 of the 12 events of the day, with 100 freestyle being the only event the Panthers did not get the first place medal. Other winners for the Panthers were Maggie Rickert, Rebecca McCord- 3 time winners and Lindsy Garner and Tricia Willson each with a relay win. Elizabeth Gansen was voted Swimmer of the Year in the NCSC. After the meet, Assistant Coach Backstrom commented that this was a total team effort especially when we have such a small squad. Every swimmer was important in this victory today at Charles City. This is the third time the Panthers have won the NCSC trophy.

NU Booster Club Meeting Highlights

Homecoming: Because of the weather, there was not a tailgate prior to the game.

Membership: Steve Wartick presented a comprehensive report of current Booster Club Membership. At this time there are 59 paid memberships (one was given at the PTP Carnival) with total revenues of \$5,070. Membership is down from 87 (\$6,720) during 2001-02. To attempt to increase the numbers, Steve will sell memberships again at the first basketball game.

Proposed 2002-03 Booster Budget: Brian presented a budget proposal based upon the presented requests for funding. There is a decrease in Booster Dues and 3 on 3 Basketball funds. However, Concessions and Kickoff income may increase from last year. All were estimations based on current information.

Anticipated Income:

Basketball 3 On 3 - \$ 9,250
 Booster Dues - \$5,000
 Concession Sales (net) - \$8,000
 Kickoffs (net) - \$1,200
 Total: \$23,450

Anticipated Expenses:

Fund Request Allocation - \$16,500
 Century Club - \$2,500
 Post Prom - \$1,500
 Yearbook - \$1,000
 Weight Room Staff (Summer) - \$1,200
 Senior Breakfast - \$250
 Miscellaneous - \$500
 Total: \$23,450

Difference - 0

Review Funding Requests:

The Booster Club approved a total of \$16,498 in funding requests and will pay bills as they are submitted. The following is the breakdown of funds allocation:

Co-curricular Activities - \$2,753 (17%)
 Music/Drama - \$2,620 (16%)
 Athletic Uniforms & Equipment - \$11,125 (68%)
 Total: \$16,498

Dave Smith's Report

1. Grant for the weight room equipment came through and the equipment is here.
2. Coaches Update:
 - a. Swimming – same
 - b. Girl's Basketball – same
 - c. MS Girl's Basketball – 2 students from Wartburg
 - d. Boy's Basketball – John McGowan
 - e. Boy's Fr/Soph Basketball – Tyler Struck
 - f. MS Boy's Basketball – UNI students

3. Panther Shoot Out – need to begin looking for someone to head this up
4. NU can request free Pepsi products (this past year got for Panther Shootout). Dave will request throughout year.
5. Possibility of charging participation fees for all co-curricular activities after this year. Will keep the costs affordable.
6. Paying Coaches – Due to budget restraints, it may be necessary for the school to ask for help in paying coaches after this year.
7. Fundraising – Because of budget restraints, Booster Club may be asked to support more costs of athletics. Currently coach's salaries are approximately \$65,000. Dave would like creative, multiple sources/ideas for fundraising.

Next meeting – Sunday, November 3
